Rear width of lot: \_\_\_\_\_ ft.

Left side depth of lot: \_\_\_\_\_ ft.

Right side depth of lot: \_\_\_\_\_ ft.

Front width of lot: \_\_\_\_\_ ft.

STREET

**§ 210-36. Private swimming pools.**

A private swimming pool shall meet the following requirements:

- A. Fence. Any such pool which is installed in-ground shall be completely enclosed by a security fence not less than four feet in height, and for all pools there shall be gates or doors equipped with self-closing and self-latching devices designed to keep and capable of keeping such gates or doors securely closed at all times when not in actual use; said fence shall not cut off air or light to any building.
- B. Noise. Pools which are equipped with an integral filtration system and filter pumps or other mechanical devices shall be so located and constructed as not to interfere with the peace, comfort, and repose of the occupant of any adjoining property. Additionally, pools shall be utilized in a reasonable manner and at reasonable time so as not to disturb adjacent residents.
- C. Maintenance. Both in-ground and aboveground pools, accessory buildings, fences, etc., shall be properly maintained.
- D. Drainage. The Code Enforcement Officer shall determine whether provisions for the drainage of such pools are adequate and will interfere with the existing sanitary facility, neighboring properties, etc.
- E. Area requirements. Pools shall be installed in accordance with the area requirements of the appropriate district. As a minimum, pools shall be located at least eight feet from side or rear boundary lines and behind the front line of existing dwellings. **[Amended 12-9-2013 by L.L. No. 4-2013]**
- F. Application. Pool applications, in addition to requirements of the section of law on building permits, shall include a plot plan of the property showing the location of the pool with respect to property lines and other structures, structures on adjoining properties, fence location, pool buildings, locations of lighting and drainage hookups.
