PRESS RELEASE

New Amenities Building Lucille Ball Memorial Park

January 4, 2019

The Village of Celoron submitted a Consolidated Funding Application to New York State for the construction of a new amenities building in Lucille Ball Memorial Park and was successful in receiving funding for the project. Mayor Schrecengost stated, "The Village of Celoron has been working tirelessly on improving public access to Chautauqua Lake in Lucille Ball Memorial Park. Last fall the construction of a new boardwalk and the installation of benches was completed. With the increased usage of the park due to the park improvements and walking path recently constructed from McCrea Point Park to Lucille Ball Memorial Park, the next logical step was to construct an amenities building to address the needs of the public. Once the amenities building is completed, the parking lot will be re-designed and paved."

The Board of Trustees of the Village of Celoron, NY will hold a public meeting on Monday, January 14, 2018 at 7:00 p.m. in the Community Center, 47 Dunham Ave., Celoron, NY to seek public input on the construction of a new amenities building in Lucille Ball Memorial Park. The public is invited to attend and share their comments on the draft design proposals. This project is being funded in part by the New York State Department of State under Title 11 of the Environmental Protection Fund NYS Contract #C1001143.
